

Material hose, PVC

Product group	140
Bundled pipes/hoses	1
Safety factor	1:3
Flat coil	
Antistatic wire	
Max temperature (°C)	60
Reinforcement layers	2
Min temperature (°C)	-25

A universal suction and pressure application hose for food, drinking water and alcohol up to 28% concentration. The hose is well suited for water facilities, when loading and unloading tanks and containers; and for dry materials.

	Working pressure (MPa)	Dimension (mm)	ID (mm)	Vacuum pr. Max%	Length meter per coil	OD (mm)	Bend radius (mm)	Weight (kg)
15535012	2	12	19	90	60	28	70	0.45
15535016	1.6	16	25	90	60	35	80	0.64
