

Hydroheat, heating hose for construction sites

Product group	140
Bundled pipes/hoses	1
Safety factor	1:3
Flat coil	
Antistatic wire	
Max temperature (°C)	100
Min temperature (°C)	-40

Externally durable hose for transportation of hot water, especially in the construction industry. Regularly used as heating hose at construction sites.

	Working pressure (MPa)	ID (mm)	Length meter per coil	OD (mm)	Bend radius (mm)	Weight (kg)
14563016	1	25	60	35	150	0.56
14563020	0.8	32	60	43	350	0.91
14563024	0.8	38	60	50	400	1.13
14563032	0.8	51	60	63	500	1.46
14563040	0.8	63	60	75	650	1.76
